

Programs Expected to Attend each Job Fair – Spring 2021

Please note this is a “suggested” schedule based on students’ hybrid academic schedule. In order to maximize the time students have during on-campus, hands-on lab experiences, we are suggesting that those students learning remotely during each “mini-semester” be the ones to attend the Job Fair during that time. For those students learning remotely all semester, we are suggesting sophomores attend the February 24th event; freshmen attend the March 31st event.

Job Fair #1 – Wednesday, February 24, 2021

- Architectural Technology – Sophomores
- Architectural Technology – Freshmen
- Automotive Technology – Sophomores
- Business Administration – Sophomores
- Cabinetmaking & Wood Technology – Freshmen and Sophomores
- Carpentry Technology – Freshmen (Draper)
- Computer Integrated Machining – Sophomores
- CNSA – Sophomores
- CSET – Sophomores
- Collision Repair Technology – Sophomores
- Electrical Construction and Maintenance (certificate)
- Electronic Engineering Technology – Sophomores
- Electrical Technology – Sophomores (Kochan)
- Electrical Technology – Freshmen (Kramer)
- Electro-Mechanical Technology – Sophomores
- Engineering CAD Technology – Sophomores
- HVAC/R – Freshmen (Bixler and Heagy)
- HVAC/R – Sophomores (Strunk)
- Masonry – Sophomores
- Mechanical Engineering Technology – Freshmen
- Metalcasting Technology and MM – Sophomores
- Metals Fabrication & Welding Technology – Sophomores & Freshmen
- Plumbing Technology – Sophomores
- Residential Remodeling – Sophomores
- Welding Technology – Sophomores
- Water & Environmental Technology – Sophomores

Job Fair #2 – Wednesday, March 31, 2021

- Architectural Technology – Freshman
- Automotive Technology – Freshmen
- Business Administration – Freshmen
- Cabinetmaking & Wood Technology – Freshmen and Sophomores
- Carpentry Technology – Sophomores
- Carpentry – Freshmen (Noel)
- Computer Integrated Machining – Freshmen
- CNSA – Freshmen
- CSET – Freshmen
- Collision Repair Technology – Freshmen
- Electronic Engineering Technology – Freshmen
- Electrical Technology – Sophomores (Bube)
- Electrical Technology – Freshmen (Jacobs)
- Electro-Mechanical Technology – Freshmen
- Engineering CAD Technology – Freshmen
- Facilities Maintenance Technician (certificate)
- Graphic Communications & Printing Technology – Sophomores
- Graphic Communications & Printing Technology – Freshmen
- HVAC/R – Sophomores (Walters and Christman)
- Masonry Construction Technology – Freshmen
- Mechanical Engineering Technology – Sophomores
- Metals Fabrication & Welding Technology – Sophomores (attending both events)
- Plumbing Technology – Freshmen
- Residential Remodeling Technology – Freshmen
- Welding Technology – Freshmen (Biesecker and Marino)
- Water & Environmental Technology – Freshmen
