

Wait List / Virtual Career Fair Employer Form – 2018

Please complete this form to be added to the Wait List for this year's Career Fair. As soon as a table opens up, we will alert you right away! In the meantime, you will be added to our Virtual Career Fair. This option allows our students/graduates to directly connect with you even though you are not actually at the Career Fair itself on February 15th and includes the following information:

- Company Name (linked directly to your website)
- Company Description/Location
- Positions you may have available (Full-time, Internships...)
- The [Program Majors](#) you are interested in recruiting from
- Contact information (where students should send their resumes and cover letters)

Although we always post open positions for our students and graduates and they do love meeting employers face-to-face at the Career Fair, having the Virtual Career Fair available to them at the same time gives them the opportunity to check out your company online and contact you before, during, or after the Career Fair (while they are in "job search" mode).

PLEASE PROVIDE THE FOLLOWING INFORMATION:

Company: _____

Company Website: _____

Address: _____

Contact Name/Title: _____

Phone: _____ **Email:** _____

Current or upcoming job openings: _____

Would you consider hiring a student intern for the summer? **Yes** **No**

Program Majors from which you are looking to recruit:
