

Understand your interest rate options

*Wells Fargo offers you the choice of variable and fixed interest rates.
Each option has unique advantages to consider before choosing your rate.*

How are they different?

Variable interest rates

- Generally provide a lower initial rate than fixed rates
- The interest rate may increase or decrease over the life of the loan
- Monthly payments may increase or decrease over the life of the loan

Fixed interest rates

- The interest rate remains the same over the life of the loan
- Allow you to better predict how much total interest you'll pay on your loan
- Monthly payments will remain the same over the life of the loan

Included are two Application Disclosures; one for the variable interest rate and one for the fixed interest rate. The Application Disclosures will help you understand the terms of the loan program and the cost of taking the loan.

Please review the pages carefully before choosing your interest rate.

After the starting rate is set, your rate will then vary with the market.

Your Starting Interest Rate (upon approval)

Military Annual Percentage Rate:

- Federal law provides important protections to members of the Armed Forces and their dependents relating to extensions of consumer credit. In general, the cost of consumer credit to a member of the Armed Forces and his or her dependent may not exceed an annual percentage rate of 36 percent. This rate must include, as applicable to the credit transaction or account: the costs associated with credit insurance premiums, fees for ancillary products sold in connection with the credit transaction, any application fee charged (other than certain application fees for specified credit transactions or accounts), and any participation fee charged (other than certain participation fees for a credit card account).

Please Note: There ARE NO credit insurance premiums, fees for ancillary products (none are sold in connection with this education loan), application fees, nor any participation fees applicable to your Wells Fargo private education loan.

- You may contact us at 1-866-380-1729 for information about the Military Annual Percentage Rate and/or your payment schedule.

SCRA Benefits:

- Under the Servicemembers Civil Relief Act (SCRA), interest rate reductions are available only if a loan is entered into before your active military service. However, some state laws require the application of SCRA benefits regardless of when the obligation was originated (pre- or post-active duty).

Cosigner Release:

- A cosigner may be released from the loan if the borrower is a U.S. citizen or U.S. national, or is a permanent resident alien with proper evidence of eligibility, and contacts Wells Fargo to request release of the cosigner. At the time the borrower asks us to release the cosigner, all the following requirements must be met: (1) if the first scheduled payment is received on time, then the most recent 24 consecutive scheduled monthly payments were made on time and in full or, if the first required payment was not made on time, the most recent 48 consecutive scheduled monthly payments were made on time and in full (an “on time” payment is defined as paid within the grace period – no late charges assessed); (2) no forbearances or modifications were granted for hardship reasons during those consecutive monthly payment periods.

If these requirements are met, then the borrower must return a signed cosigner release application and, at that time, satisfy a full credit, employment, and income evaluation. Finally, the cosigner needs to sign a consent form agreeing to be removed from the loan.

Bankruptcy Limitations:

- If your loan becomes subject to a bankruptcy filing, you will be required to repay this loan unless you prove undue hardship in an adversary proceeding before the bankruptcy court.

More information about loan eligibility and repayment deferral options will be available in your Loan Request/Consumer Credit Agreement.
